

Your ref:

Our ref: 4771/WS/ITT-RA

Date: 6<sup>th</sup> March 2018

To Whom It May Concern:

**RE: WORKS TO AND ONGOING MAINTENANCE OF PRIVATE WATER SUPPLIES ACROSS THE AUTHORITY ESTATE**

**Change of Tender Return Date**

Please note that the tender return date for the above tender dated 13<sup>th</sup> February 2018 has been amended as follows:

Original Tender Return Date: 15<sup>th</sup> March 2018

Revised Tender Return Date: 9<sup>th</sup> April 2018

The return date has been amended due to the following factors:

- a) The large volume of information contained within the tender pack and the subsequent amount of time required to submit a tender return
- b) The recent adverse weather conditions affecting tenderers ability to visit sites to give an accurate price
- c) The recent adverse weather conditions affecting the capacity of contractors and therefore their ability to submit a tender return.

All the tender documentation remains valid and shall not be amended to reflect the new return date.

Should you have any questions or further queries regarding this, please let me know.

Regards

Matt Freestone  
Property Support Manager.
