Item: 8

Title: LAF Member training

Author: Mike Rhodes

Purpose of the Report

To propose a training programme for Forum Members

Background

At the last meeting of the Forum, it was discussed whether training could be provided, particularly for new Forum members.

Report

The following suggestions for training have been received from Members:

1. Extending access – The Scottish and Scandinavian models.
2. Managing the issues – Wildlife and conservation, inappropriate activities, restrictions.
3. Lost Ways Project
4. Revisit the CROW Act – what's new and what has been gained.
5. Encouraging better networking within the LAF – consensus building.

Recommendation

To develop a training programme for all LAF members on the basis of these suggestions.
