Date: 18 July 2008

Dear Andrew,

Thank you very much for your letter of 8 July 2008.

We appreciate the excellent, expert contributions that the LAF makes concerning access issues in the Peak District. We particularly welcome the LAF feedback on the approach and progress that Officers and working partners are making on the issue of recreational vehicular access.

You will be aware of the reports to date to the full Authority and to its Services Committee on recreational vehicular access and that officers will report to members later this year to review the Strategy and Action Plan.

The resourcing issues associated with managing recreational vehicular access will also be considered later this year when the Authority finalises its longer term financial plans. Decisions will be taken in context both of managing access more generally and the wide range of demands and expectations placed on the full range of Authority services.

Once again, thank you very much for your support and constructive feedback.

Yours sincerely

Narendra Bajaria  
Chair
