DESCRIPTION	<ul style="list-style-type: none">• The section shown on the specification from the council was to crown raise the trees over the highway.• In addition to this crown raising over included some other important safety work that really needs to be done, as it makes sense to use the traffic management set up to do this at the same time.• There are several declining ash trees and two dying beech trees in poor condition and near to the road that will be felled to a safe height• There is also a lot of significant sized deadwood in other trees over the road and a small amount of crown raising to some other trees over the road just outside of the area down in the council plan.
