

I am going on a school trip to the Moorland Discovery Centre

I will go to school and get on a coach.

This is what Moorland Discovery Centre will look like from the outside.

Rachael, Melany work at the centre they will say hello to me

Sometimes there are other grownups helping Melany and Rachael

Sometimes we sit at tables

Rachael/Melany will talk about the day and tell everyone what we are doing.

I must listen carefully to what Melany/Rachael says.

Children often go outside for a learning activity

It is sometimes cold outside and usually children put on their coats. Sometimes children can put on wellies.

I will have lunch at a table inside the big room at the center or a picnic outside if the weather is nice.

Sometimes children do another activity after lunch.

My teacher will tell me when it is time to go home

I will get on the coach and go back to school

It will then be home time
