

Peak District National Park Year of Green Action – Ideas for Communities to Improve Your Environment

There are a number of **funding opportunities** available for community conservation work:

The National Lottery Community Fund

A quick and simple way to get small National Lottery grants of between £300 and £10,000.

Area - England

Suitable for - Voluntary or community organisations

Funding size - £300 to £10,000

Application deadline - Ongoing

TCV Start up and Support Grants. Free membership for this year only giving you access to resources and support

TCV draws upon our expertise as a national organisation and take a local approach, working with people and communities to co-design solutions that meet local needs.

Esmée Fairbairn Foundation aims to improve the quality of life for people and communities throughout the UK both now and in the future. We believe that people are the key to tackling the environmental challenges we face today. We fund organisations who can move, engage and inform people, and connect with the bigger picture of policy-making, social justice, or quality of life.

The Co-op Local Community Fund helps pay for local projects that our members care about.

Every time our members shop at Co-op, 1% of what they spend on selected own-branded products and services goes to help fund community projects where they live. We also give all money raised from shopping bag sales to our causes, to help even more.

We are committed to supporting the communities that we work and live in

We pay special attention to projects focusing on education, environment, children, the disabled, youth activities and projects that provide clear benefits to the local communities close to our UK locations. The Trust encourages applications from Ford employees, but is open to all, provided that the qualifying organisations meet our selection criteria

[Or our own](#) grant scheme
