

## CD48 PDNPA Interim housing monitoring figures for 2017/18

**From:** Cook Andrew  
**Sent:** 23 May 2018 09:48  
**To:** Taylor Brian  
**Subject:** Annual Housing Figures

Hi Brian

As discussed, I've done a quick tally on the figures for this year (as of early May) and these are summarised below. I would treat these as 'approximate' figures at this stage:

### Dwellings (including agricultural worker's dwellings, local need and replacement dwellings)

Outstanding 31

Under construction 124 (includes 55 on Newburgh Site, Bradwell – I don't think construction has actually started on the dwellings but the industrial units that were part of the permission have been built so the permission has been implemented)

Complete 24

### Holiday accommodation

Outstanding 22

Under construction 36

Complete 9

Hope this helps!

Cheers
