

# Tideswell Dale

Enjoy moving at the pace of the river's flow in a landscape telling the story of former industry. Local traffic on the road to Litton Mill. Livestock grazing.

### Access For All Route:

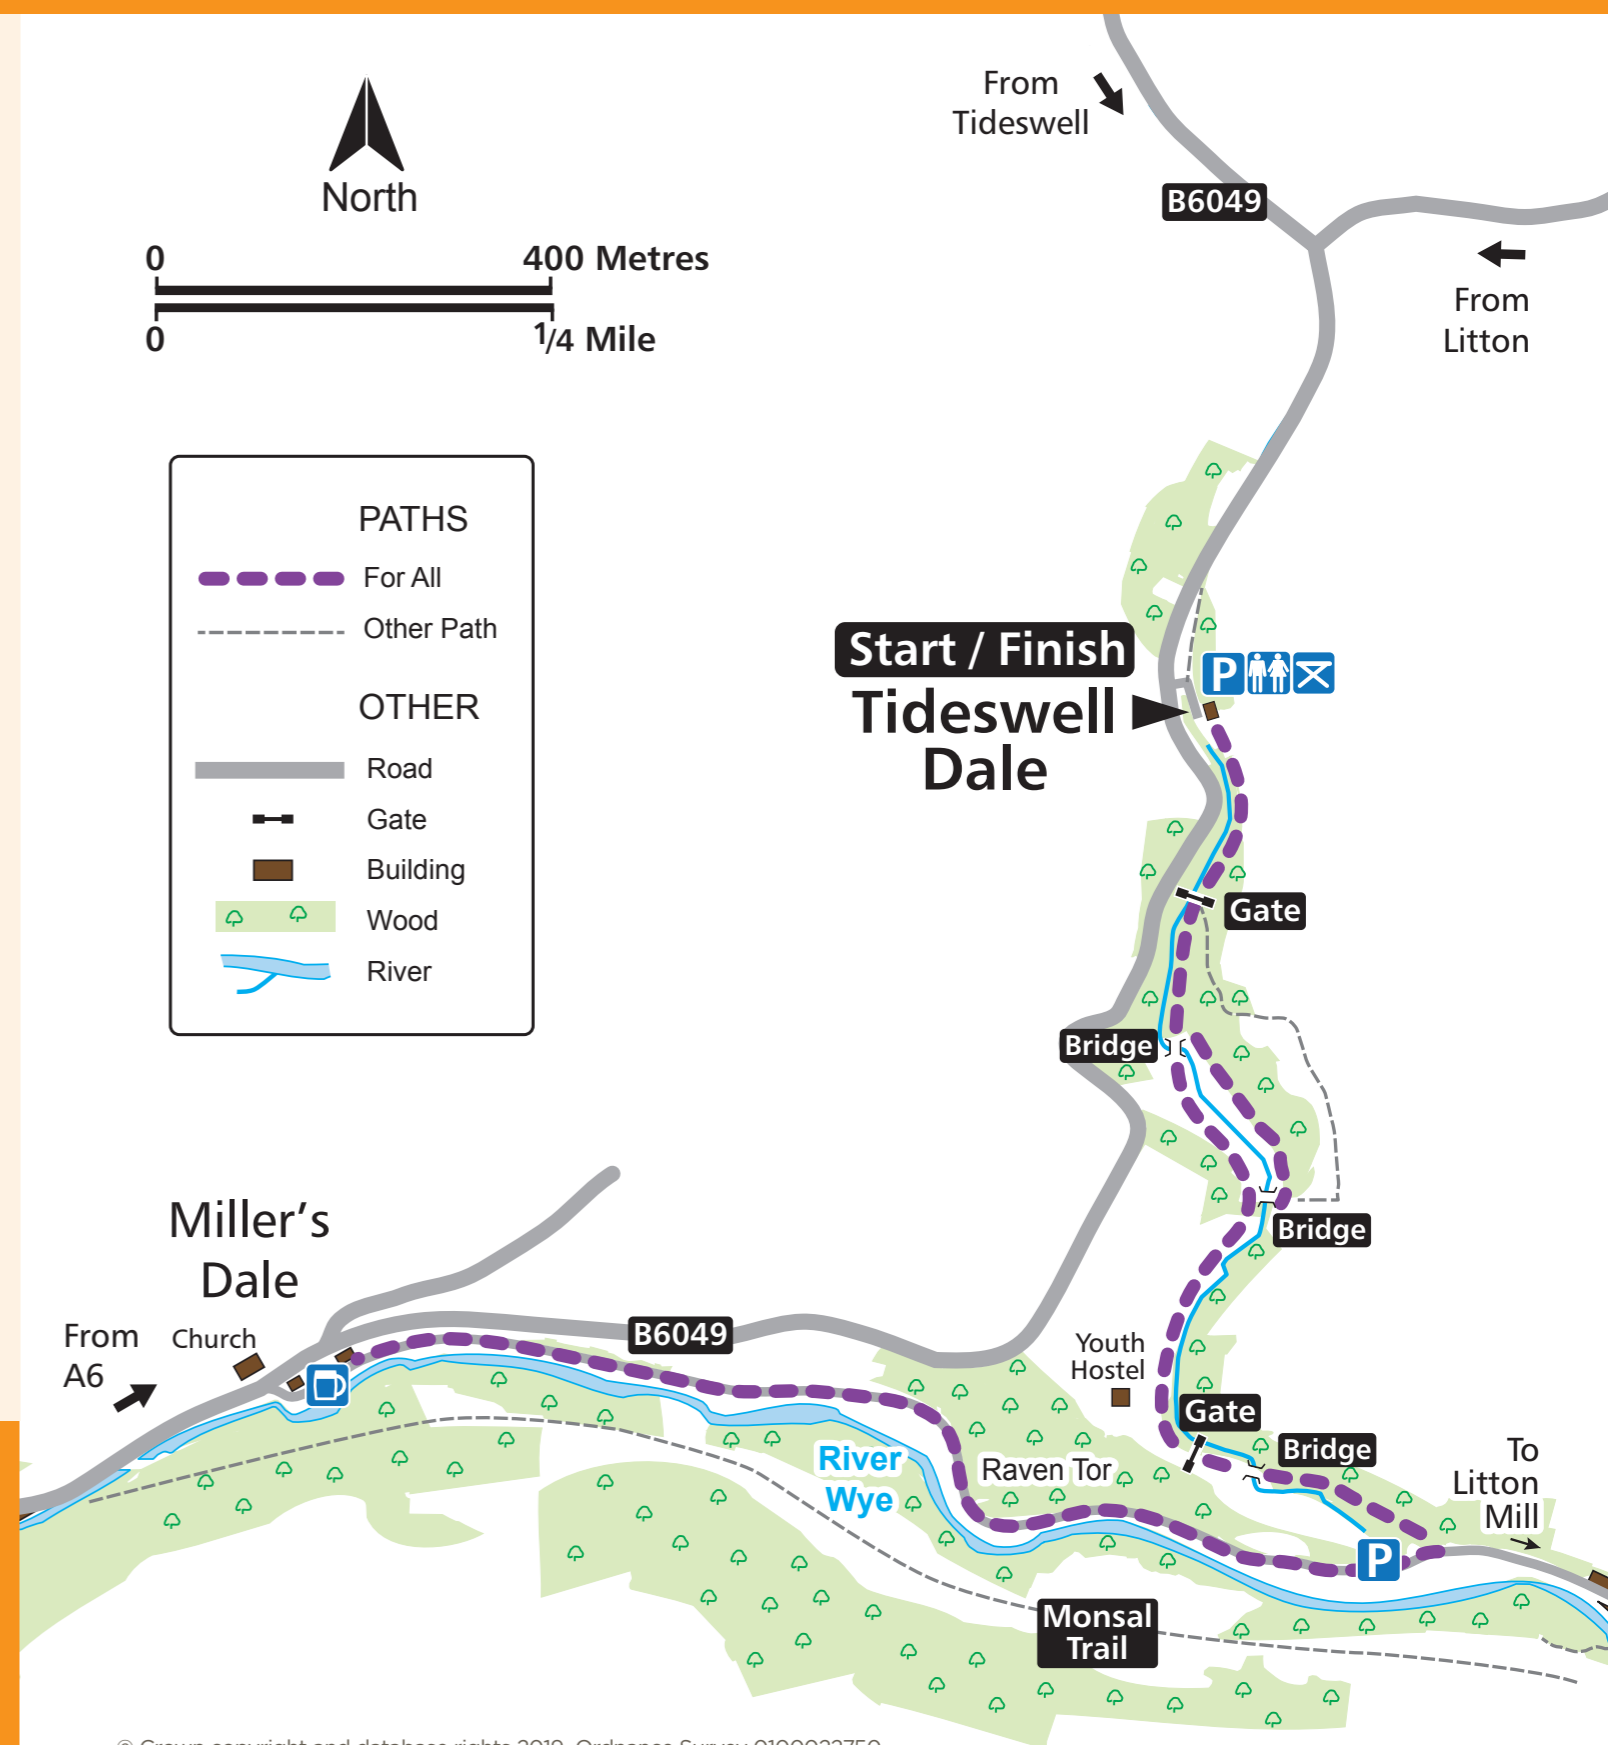

- ① Take the path past the building and through the gate to the sculpture and the first bridge.
- ② Continue on either path to the second bridge.
- ③ Continue down the dale following the stream to meet the road.
- ④ Turn right and follow the road and the River Wye upstream to Miller's Dale.

### Alternative:

Start from the parking area before Litton Mill for a shorter route to Miller's Dale (1.6 km) or for reversing the route along Tideswell Dale. The upper loop from the car park is 1 km.

- i** The wealth of wildflowers includes bloody cranesbill, a dramatic wild geranium, appearing in June below the climbing proving ground of Raven Tor.
- i** Magma has baked the surrounding rocks, creating columns in the clays and transforming limestone into marble.
- i** The River Wye powered two cotton mills downstream - Litton Mill and Cressbrook Mill.
