

Historic Lyme Park provides the setting for a deer park, a play park and long-distance views. Some local traffic.

**Access For All Route:**  
From the car park, loop around the pond to the café, shop and the adventure playground.

**East Lodge**

**Access for Many Route:**

- ① From the pond, pass through the gate to the adventure playground and follow the path down through the wood.
- ② Turn right at the sculpture when the path is met.
- ③ Take the left-hand path uphill through a gate and continue to the front of the buildings.

**Or**

- ① From the front of Lyme Hall, continue up the road with Cage Hill on the left.
- ② Continue along the level track to East Lodge.

**Alternative:**

There are accessible routes round the grounds of the house with disabled parking at the Orangery.

**i** The Cage was built in 1580 as a hunting lodge and rebuilt in 1737. It was also used as a prison for poachers and shares a resemblance with the Tower of London where the owner of the Hall had been imprisoned for treason in 1694.

**i** There have been native Red Deer here for over 600 years. They take their name from their bright summer coat and are Britain's largest wild mammal.

**i** Lyme Hall is one of the largest houses in Cheshire. Dating from Elizabethan times, it was later remodelled to create an Italianate palace.
