

ADOPTION STATEMENT

Peak District National Park Authority

**Transport Design Guide Supplementary
Planning Document**

Following public consultation, the Transport Design Guide Supplementary Planning Document for the Peak District National Park (referred to as the Transport Design Guide SPD) was adopted by the Authority on 14th June 2019.

Following adoption, and under delegated authority, the Transport Design Guide SPD has been subject to minor modification and design work to improve clarity. These modifications do not materially affect the scope or guidance within the Transport Design Guide SPD.

All of the modifications have been incorporated into the published Transport Design Guide SPD, which provides supplementary guidance to the Authority's Core Strategy (2011) and the Development Management Policies document (2019), which form the statutory development plan for the Peak District National Park. In accordance with Section 35 of the Town and Country Planning Act (2012), the Transport Design Guide SPD will be made available for inspection for a period of three months after publication.

Any person aggrieved by the above may make an application to the High Court under Section 113 of the Planning and Compulsory Purchase Act (2004) on the grounds that the Transport Design Guide SPD is not within the powers conferred by Part 2 of the Planning and Compulsory Purchase Act (2004) and / or a procedural requirement of the Act or its associated Regulations has not been complied with.

Any such application must be made promptly and in any event not later than Friday 10th January 2020 (three months from the date of publication).

The Transport Design Guide SPD is available to view online at:
