DESCRIPTION	<p>1)Cut back branches on main road - some overhanging road and some starting to block height restriction signs on the railway bridge again - as previously dealt with 3 years ago by National Trust.</p> <p>2) Cut back branches and removal of dead branches on Station Approach - some are overhanging the road and pulling at telephone wires.</p> <p>3) Cut back overhanging branches from back of the Penny Pot Café. I have spoken to Northern Rail and they have advised that unless we need to be on their land to do the cutting we don't require permission for these.</p> <p>4) Cut back overhanging branches from land adjacent to The Penny Pot Café (covered with TPO). As part of the decarbonise plan we have secured a grant towards the cost of installing solar panels on the front facing roof of the Penny Pot Café. Obviously there is a slight risk to the panels & roof of possible falling branches etc as well as the added cleaning needed. There is also a the reduction in efficiency of the solar panels from shading</p>
